

REMARKS

The applicant respectfully request reconsideration in view of the amendment and the following remarks. The applicant has amended the claims as suggested by the Examiner in order to overcome the 35 U.S.C. 112, second paragraph rejections and has amended Y so that it requires a carbon group and CY2 to require one N atom according to the elected group.

Claims 24, 30, 32, 33, and 36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The applicant has amended the claims and believes that the claims as amended are in compliance with 35 U.S.C. 112, second paragraph.

With respect to claim 30, C(R¹)₂ means that there are two substituents R¹ and not a single substituent R¹ 2. C(R¹)₂ is as follows:

The substituent R¹ is defined in claim 23 which is the claim that claim 30 now depends upon. For the above reasons, this rejection should be withdrawn.

In view of the above amendment, applicant believes the pending application is in condition for allowance.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 03-2775, under Order No. 14113-00175-US from which the undersigned is authorized to draw.
